The Wilson Indexes on
Magnetic Tape!

WILSON TAPE

DATABASE LICENSING SERVICE

Bring the renowned Wilson Indexes to your institution with easy, unlimited local electronic access. *WILSONTAPE* provides machine-readable monthly tapes for each Wilson database in a uniform format that makes the data accessible with the same system of commands and protocols as your online catalog.

Create a Customized Databank

WILSONTAPE:

- Maximizes the use of existing hardware and software and of periodical and book holdings
- Promotes simultaneous use by multiple searchers on a round-the-clock basis
- Supports a uniform set of protocols
- Allows unlimited off-site access to centralized reference holdings
- Saves substantial connect-time charges
- Simplifies billing with a single annual subscription rate.

High-Quality Data in the Format That's Best for Your Library

Setting the standard for accurate, thorough indexing, the Wilson indexes offer access to an extraordinary range of high-quality information unmatched by other indexes, available in the format that's best for your library.

Customized Databanks at Individualized Rates

The Wilson databases are available for licensing at an individualized rate based on two factors: a charge for data and a charge for user access. Your initial subscription brings you a full year of retrospective coverage plus monthly updates; all in all, two full years of data.
